[www.McGintyMarine.com](http://www.McGintyMarine.com)

In an effort to continue to provide our customers with professional, reliable and timely service, McGinty Marine Construction is introducing our Bluewater Service Agreement to help insure you spend more time on the water and prevent your boat or jet ski from being stuck on the lift (or worse yet, in the water) during your pleasure or fishing time you work so hard to be able to enjoy.

Your boat lift is exposed to one of the most naturally corrosive environments and being attacked by the elements every day. Although McGinty Marine sells the highest caliber boat lifts and we are constantly staying on top of the latest and greatest innovations, it is imperative to keep your boat lift / PWC lift maintained to help ensure it is not only in proper working order but most importantly SAFE working order.

**We now offer THREE levels of service to choose from:**

## **Standard Service Agreement**

- ✓ 1 Annual Service Per Year (off season – 10/1 – 4/1)
- ✓ 5% off all Labor Rates

## **Preferred Customer Service Agreement**

- ✓ 1 Annual Service Per Year (off season – 10/1 - 4/1)
- ✓ 10% off all Labor Rates

## **V.I.P. Service Agreement**

- ✓ 2 Annual Services Per Year (1 off season 10/1 - 4/1 & 1 peak season 4/1 - 9/30)
- ✓ 10% off all Labor Rates
- ✓ No Emergency Rates (Holidays are exempt)

# McGINTY MARINE CONSTRUCTION

## Loyal Customer Agreement Boat Lift Maintenance Contract:

1. All Boat Lifts / PWC Lifts must be inspected and put in good working order to qualify for the maintenance program.
2. All lifts will be serviced in the Fall and Winter to ensure that your lift(s) will be in good working order for the beginning of the next season.
3. This is a Maintenance Contract. It is NOT a safety contract.

Note: McGinty Marine Construction will not be held responsible for damages should the lift fail. This service agreement is strictly for lubrication and adjustment of the lift. Any parts that need to be replaced will be an additional cost per your consent.

## Galvanized Boat Lifts:

- Inspect Lift, cables, bolts, belts, pulleys, sheaves
- Grease all fittings, flat plates, cable spools
- Re-staple loose carpet (will replace carpet if necessary for regular associated cost)
- Level lift if needed

## Aluminum Boat Lifts:

- Inspect Lift, cables, bolts, belts, pulleys, sheaves, and drive unit
- Grease all fittings on bearing and sheaves
- Re-staple loose carpet (will replace carpet if necessary for regular associated cost)
- Level lift if needed

## PWC Lifts:

- Inspect all bolts, cables, and hardware
- Inspect the lift( includes cradle, track, and mast on swinger lifts)
- Grease all fittings
- Re-staple loose carpet and (will replace carpet if necessary for regular associated cost)
